LOCATION & ASSIGNMENT OF CREWS

ELEVEN MILE – ID-SCF-015218

STATE: Idaho

ICP is located in Challis, ID; approximately 148 miles northwest of Idaho Falls, ID. Fires within the complex are located approximately 30 minutes west of Challis, ID. The fire is burning in dense timber stands with a significant dead and down component due to beetle kill. Lower elevation stands tend to be Douglas fir with some spruce in drainages. Some aspen stands are present in riparian areas. Higher elevation stands tend to be subalpine fire mixed with Lodge Pole pine. Upper elevations are scabby with rocky, broken ridges. South and west aspects tend to be sparse grass understory with some dead and down component. North and east components are more heavily timbered and understory tends to be more brush and continuous fuel beds.
